

BIOGRAPHY

Roy Malone, Jr.,

**Deputy Director, Safety and Mission Assurance Directorate
NASA Marshall Space Flight Center**

Mr. Malone serves as the Deputy Director, Safety and Mission Assurance (S&MA) Office, at the Marshall Space Flight Center where he is responsible for planning, directing, and coordinating the safety, quality assurance and reliability activities for the Center and its assigned Programs and Projects. Prior to his assignment in S&MA, Mr. Malone served as the MSFC Logistics Services Department Manager, with responsibility for planning and directing a program of logistics, technical, and institutional support to the research, development, and program management activities of MSFC. A graduate of the Georgia Institute of Technology where he received a Degree in Electrical Engineering, Mr. Malone joined the Marshall Center in 1994 from PRC Inc., where he supported MSFC as a Senior Quality Engineer on the S&MA support contract. Prior to joining PRC in 1991, Mr. Malone served on active duty with the US Navy for 11 years. During this period he served on three different US Navy Destroyers, which included a tour as Combat Systems Officer on the USS CARON (DD-970) during Operation Desert Storm.
